Rustic Grade Oak  
Joinery Grade Oak

£ 285.00  
£ 315.00

### Timber Grades.

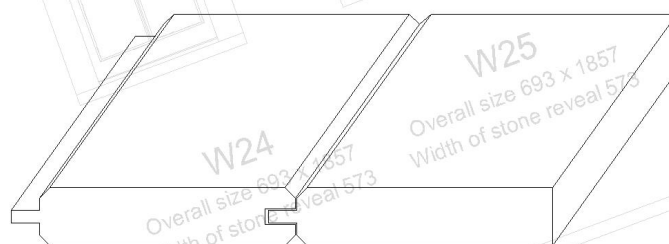

**Joinery Grade.** This is a high quality with a variety of grain and cuts of timber, live knots up to a 50 pence size, but not more than 2 per timber section.

**Rustic.** You can expect much more character and more larger knots. This grade of timber is more likely to move, so would not be suitable for frames, but great for an older style door.

All doors are available in Bead & Butt or TG&V
